Spider Hires John Carmichael as District Sales Representative – New York

Seattle – Spider, a division of SafeWorks, LLC, recently hired John Carmichael as District Sales Representative for its New York City location. In this position, John is responsible for solving the suspended access and safety challenges of contractors and facility owners in the greater New York metropolitan area.

John began his career in the suspended access industry with Spider over thirty years ago. He advanced in various sales and management roles with Safway Services and Swing Staging, establishing himself as a leading resource for helping NY contractors resolve their access needs. He holds his New York State Special Riggers License and is a certified instructor of the NYC DOB 16-Hour Suspended Scaffold Course.

“We’re thrilled to welcome John back to Spider,” states Pete Giglio, Area Director – East Region. “John’s extensive knowledge of the powered access industry, deep ties in the New York market, and impressive 30-year tenure in this business bring great strength to our seasoned New York team. He’ll join District Sales Representative Marc Frato and Operations Manager Joe Simone. Together they bring over fifty years of swingstage experience to our customers.”

Pete continues, “Combined with our depth of trusted products, reliable rental equipment and solutions capabilities, we are investing to provide the safest, most productive experience for contractors working at height.”

About Spider:

Founded in 1947, Spider, a division of SafeWorks, created the powered suspended access business by introducing the well-known Spider basket. Since then, our product and service offering has expanded greatly to serve the needs of an ever-growing marketplace. Spider is the largest manufacturer and distributor of access and safety solutions in North America, serving more customers from more locations with a wider variety of products and services than any other company. From baskets, traction hoist and platform rental, to safety and training, to specialty-engineered products - Spider has a strong team of professionals, along with an international network of sales, service and support capabilities to provide you with the most reliable access solutions available.
