Spider Launches New Product Catalog

Seattle – Spider, a division of SafeWorks, LLC, announced today at the Society for Protective Coatings (SSPC) show in Tampa, Florida the release of the 4th edition of its Spider Solutions Catalog, the most comprehensive product catalog in the suspended access industry.

Celebrating the company's 65th anniversary this year, Spider has updated in-depth product information including key features, specifications, drawings, photographs, codes & regulations, and accessory lists. New features in this 320+ page reference guide include:

- **New products**
 - A Wind Turbine Access section, highlighting new products available for wind turbine maintenance and repair, including blade and tower access platforms and our innovative, reconfigurable 360° blade access platform
 - New rigging devices that add capabilities and save rigging time
 - A new application of the LSR1 as a fall arrest anchorage
- **New in-depth case studies** to learn how Spider solves the most demanding access challenges
- Updated **bilingual tear-out rental equipment guides** to help customers visually identify items on site

“Spider is rock solid and preparing for our next 65 years,” states John Sotiroff, Vice President – Sales & Distribution. “Now more than ever, contractors and facility owners need safe, reliable solutions that lower the total cost of access in this age of tighter budgets. With new products that deliver this efficiency and still more useful tools to wring the most value out of our solutions, Spider is proud to add this new desktop reference guide to our extensive tool box. Just what you’d expect from the market leader.”

Catalogs can be requested or downloaded online at www.spiderstaging.com, or by calling 877-774-3370.

About Spider:

Founded in 1947, Spider, a division of SafeWorks, created the powered suspended access business by introducing the well-known Spider basket. Since then, our product and service offering has expanded greatly to serve the needs of an ever-growing marketplace. Spider is the largest manufacturer and distributor of access and safety solutions in North America, serving more customers from more locations with a wider variety of products and services than any other company. From baskets, traction hoist and platform rental, to safety and training, to specialty-engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the most reliable access solutions available.
