SAFETY FEATURES

- **Water Tight** Connectors
- **Easy Cable Replacement** (Beta Max provides clamps and crimp)
- **Failsafe brake** holds the load securely when not lifting or lowering - loads are powered up and down, no free-falling or slipping
- Non-rotating cable helps **keep loads from spinning**
- Upper-limit Switch Assembly stops the hoist instantly when activated
- Sturdy Electrical Controller equipped with **thermal overload sensing device**

HOIST FEATURES

- **Perfect for light weight, smaller projects in confined spaces**
- **Very mobile** on a jobsite due to super light 95lb weight
- Confined and hard to reach spaces **made easy with a portable hoist**
- Control your work flow, schedule and budget with the **most efficient and safe material delivery** to any work level
- Optional Vertical Post Mounting System easily attaches to the leg of scaffolding and pivots 180°, allowing convenient loading and unloading of materials at any work level
- **Maximum safety and efficient alternative** to rope & pulley systems, cranes, and forklifts
- **Installs easily on existing** scaffold systems, work platforms, I-Beams, and rooftop mounting options

INDUSTRIES SERVED

- **Scaffolding**
- **Restoration**
- **Stucco**
- **Masonry**
- **Construction**

All high speed wire rope hoists are ANSI & OSHA compliant under the code of ASME B30.16. This information is intended to be informative only, and does not constitute a representation or warranty with regard to Beta Max Hoists or any products or services provided. Prices and information are subject to change. Some or all of the renderings in these materials will vary from the actual hoists.
