## Spider Launches New Product Catalog

Seattle – Spider, a division of SafeWorks, LLC recently released the 3<sup>rd</sup> edition of its Spider Solutions Catalog, the most comprehensive product catalog in the suspended access industry.

In addition to in-depth updated product information including key features, specifications, drawings, photographs, codes & regulations, and accessory lists, new features in this 380+ page reference guide include:

- An 80+ page section completely devoted to industrial product offerings
- New hoist, rigging and platform products
- Brand new case studies to showcase solutions to project challenges
- An expanded tear-out 'Forms, Applications & Documents' section, including a Rental Equipment Guide with Spanish translations for quick equipment identification

“Our Spider team is proud to launch this improved overview of Spider’s offering, updated largely based on customer feedback,” states John Sotiroff, Vice President – Sales & Distribution. “Facility owners and contractors credit us with market leadership because we give them the reliable tools and expertise to get the job done. Everyone who looks to our catalog as a desktop reference for work at elevation will find this 3<sup>rd</sup> edition a joy to use and rely on.”

Catalogs can be requested or downloaded online at [www.spiderstaging.com](http://www.spiderstaging.com), or by calling 877-774-3370.

### About Spider:

Founded in 1946, Spider, a division of SafeWorks, LLC, created the powered suspended access business by introducing the well-known Spider basket. Since then, our product and service offering has expanded greatly to serve the needs of an ever-growing marketplace. Spider is the largest manufacturer and distributor of access and safety solutions in North America, serving more customers from more locations with a wider variety of products and services than any other company. From baskets, traction hoist and platform rental, to safety and training, to specialty engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the most reliable access solutions available.
