

Spider Product Announcement

The Astro hoist has been a powerful and reliable product since 1985. The Astro product line was formally retired for all new product sales on January 1, 2017. Customers that own an Astro hoist will continue to receive support from Spider throughout the life of the hoist, limited only by the availability of spare parts.

Spider's fleet of Astro hoists, along with all remaining spare parts, will be liquidated by January 1, 2022. If you are interested in a last-time buy of spare parts or used Astro hoists, please contact your local Spider representative.

Spider has multiple product families available that perform to similar specifications as the Astro product line, specifically the SC1000 and UpPro hoist. Please contact your local Spider sales representative to learn which of our products fit your needs best.

For questions or concerns, please contact Spider's Product Support:
