

Spider® UpPro P2514 GHS

Maximize elevator installation productivity with the highest capacity personnel hoist in the industry. The UpPro P2514 GHS is UL listed and has speeds up to 60 fpm for guided high speeds.

- › High lifting capacity of 5,500 lbs (2,500 kg)
- › Multi-speed control up to 60 fpm (18 mpm) maximizes productivity based on load.
- › Optimal power management and soft starts and stops with variable frequency drive
- › Industry-best power range, from 410 to 520 line voltage, to eliminate most power supply issues
- › Multiple mounting options for various car sling or platform configurations
- › Ergonomic handling and flexible use with a detachable control unit
- › Ensured operator safety through torque based overload protection and externally mounted Overspeed Safety Lock (OSL)
- › Controlled descent feature for self-rescue of workers and platforms
- › Optional versatile cart for transporting and positioning hoist under the car sling
- › Maximized uptime with unmatched support from the industry's largest branch network

› UpPro P2514 GHS Specifications

Capacity

- › UL: 5,500 lbs (2,500 kg)
- › cUL: 5,000 lbs (2,273 kg)

Travel speed

- › Up to 60 fpm (18 mpm)

Power

- › 480V +10%/-15%; 60 Hz; 3-phase

Amperage at working load limit

- › 16 Amps

Wire Rope

- › 9/16 in. (14 mm)

Weight

- › Hoist: 325 lbs (147 kg) including safety
- › Control unit: 68 lbs (31 kg)

Dimensions

- › 18.5 x 24.6 x 40.5 in. (470 x 627 x 1,029 mm)

Spider® UpPro P2514 GHS

Why UL Matters

Spider designs, engineers, and tests its hoists in accordance with the Underwriters Laboratories UL1323 standard for hoists as required under OSHA 1910.28(i)(1) and (g)(3) and 1926.451(d)(13) to ensure customers receive products that are manufactured, maintained, and serviced according to consistent standards for increased safety.

Since 1947, Spider has led the suspended powered access industry with innovative solutions for commercial construction, elevator, infrastructure, power generation, offshore and wind energy markets throughout the Americas. With highly specialized design expertise, fully integrated manufacturing and engineering, ISO 9001:2015 certification, and a national network of sales, service and 24/7 technical support capabilities, Spider provides industry-leading, reliable, turnkey access solutions inspired by customer input.
