

Spider® SafeCar 800 False Car

Spider's innovative false car offers easy installation, high travel speeds and job site versatility to maximize productivity during elevator installations.

- › Live load capacity of up to 800 lbs (363 kg)
- › Adjustable to fit in hoistways with distance between guide rails from 5 ft. 5 in. (1.7 m) to 9 ft. (2.7 m), and rail face sizes of 5/8 in. (16 mm), 3/4 in. (19 mm), 1 1/8 in. (29 mm) and 1 1/4 in. (32 mm)
- › Improved productivity with high lifting speeds up to 70 fpm when used with Spider's Guided High Speed (GHS) traction hoists
- › Reduced assembly and installation time with modular construction and minimal parts
- › Increased strength and durability from rectangular aluminum tubes
- › Improved product life due to Ultra High Molecular Weight (UHMW) polyethylene wear pads that eliminate metal-to-metal contact found on competitive models
- › Maximized uptime with unmatched support from the industry's largest branch network

› SafeCar 800 Specifications

Capacity

- › Up to 800 lbs (363 kg) live load

Travel speed

- › Up to 70 fpm (21 mpm) when used with a Spider GHS hoist

Dimensions

- › Adjustable from 5 ft. 5 in. (1.7 m) to 9 ft. (2.7 m) distance between guiderails

Weights*

- › Frame: 187 lbs (85 kg)
- › Guardrail supports: 44 lbs (20 kg)

Compatibility

- › Works with Spider's SC1500-GHS, SC1500, UpPro P1009 GHS and UpPro P1009 UL35 traction hoists

* Weights do not include decking and guardrails.

Spider® SafeCar 800 False Car

› Choose the false car configuration that meets your unique project needs

- › Frame only
- › Frame with deck and handrails
- › Frame with deck, handrails and canopy support for overhead protection

› For installations that require piano wire placement on the face of the guardrail, an alternative false car model is available.

Since 1947, Spider has led the suspended powered access industry with innovative solutions for commercial construction, elevator, infrastructure, power generation, offshore and wind energy markets throughout the Americas. With highly specialized design expertise, fully integrated manufacturing and engineering, ISO 9001:2015 certification, and a national network of sales, service and 24/7 technical support capabilities, Spider provides industry-leading, reliable, turnkey access solutions inspired by customer input.
